## OUR DESIGN TEAM: SAFDIE, LISSONI AND SULEIMAN THE MAGNIFICENT

To design a one-of-a-kind hotel, it can take a while to assemble the right group of innovators - especially when they live 500 years apart.

The foundations for our unique hotel were laid in Ottoman times when, stone by massive stone, the city's magnificent walls and Jaffa Gate were built. It took several more generations until a bustling neighborhood began to flourish outside these famous fortifications. To this day, locals know it as Mamilla.

Enter one of Israel's most esteemed architects, Moshe Safdie. Seeking the ideal location to weave the capital's colorful threads together, he chose Mamilla, where the timeless beauty of the ancient city meets the excitement of today's Jerusalem. The Mamilla Hotel is the cornerstone of this grand architectural vision, uniting Old City and new.

Renowned designer Pierro Lissoni was invited to create one-of-a-kind rooms and interiors, echoing the magnificent architecture of classical Jerusalem, and the best of the capital's new materials and energy. Like the city itself, the architecture of the Mamilla brings together styles and centuries, resulting in a designer hotel like no other.

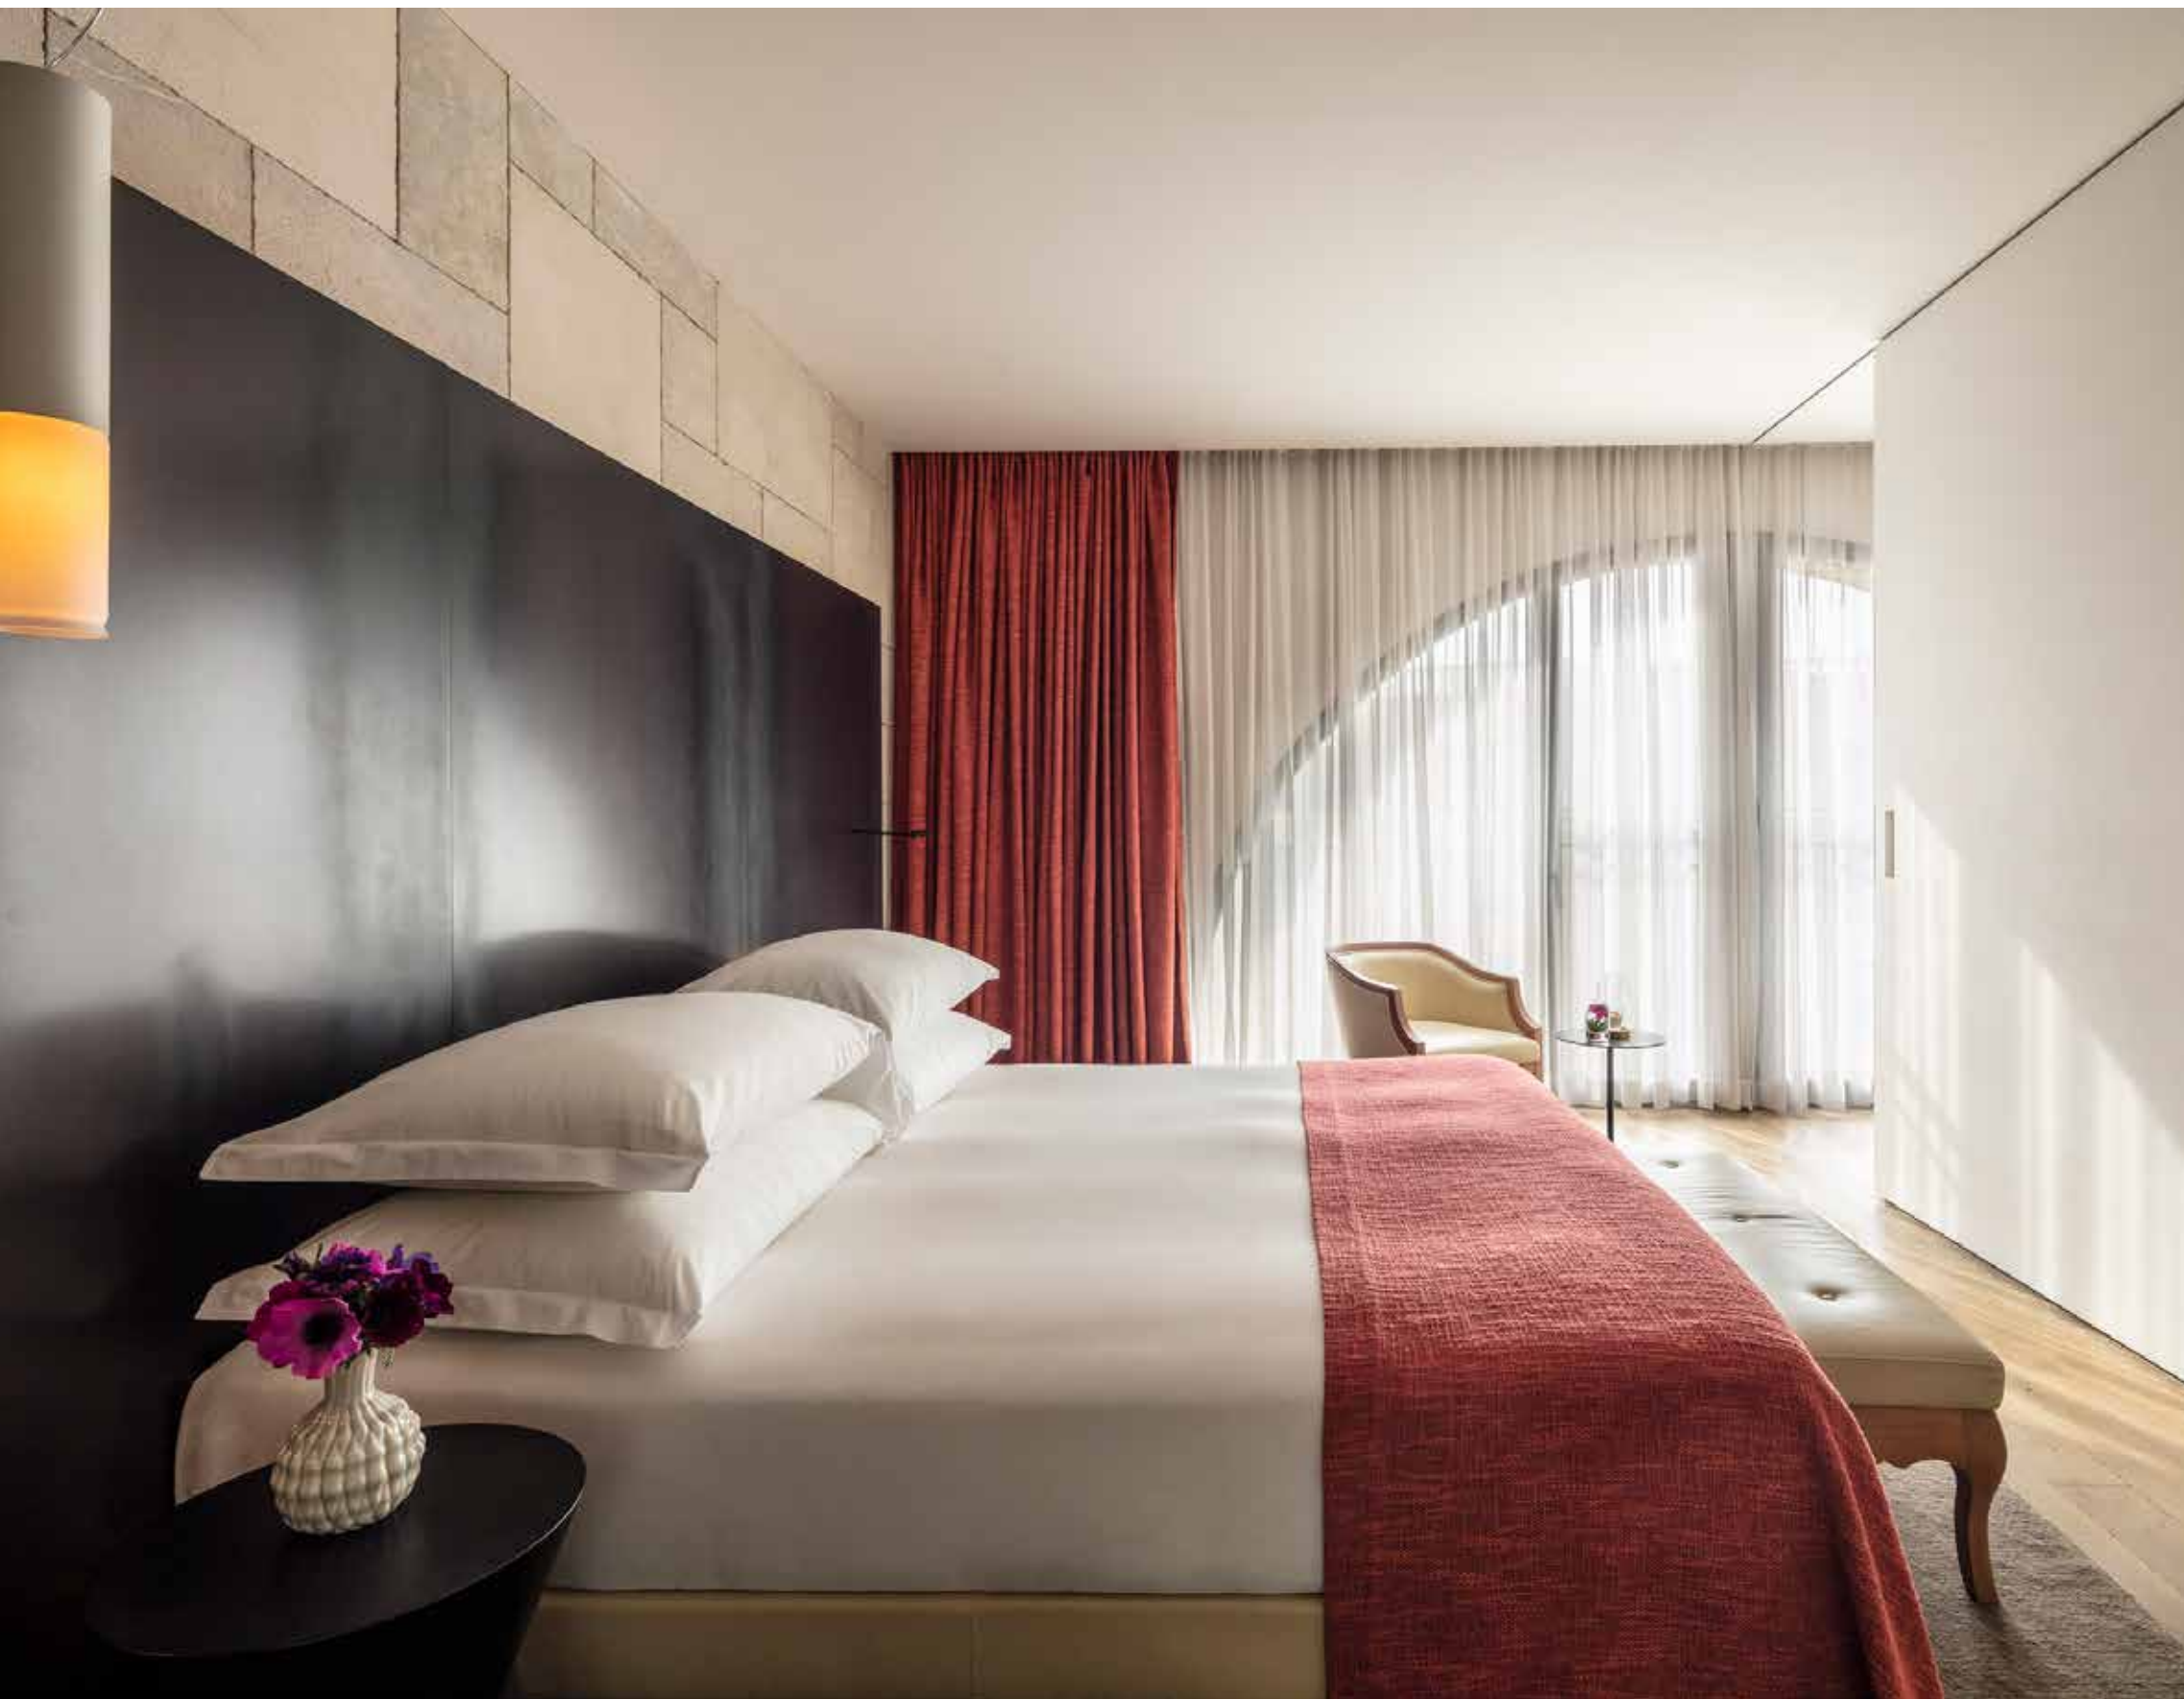

## UNIQUE. CURATED. COSMOPOLITAN

Jerusalem is a capital forever being rebuilt, reimagined. For those lucky enough to live here, this means that one of the oldest cities in the world is also one of the youngest. Our luxurious rooms and suites capture this dialogue of time and texture. Walk in and encounter a vibrant mix of sensuous contrasts: Silk and stone, high tech and hand carved, raw concrete and brushed oak.

Each detail is designed and carefully selected by renowned interior architect Pierro Lissoni. The longer you stay, the more his hand is revealed in the bespoke lamps, hand-made woodwork and curated art. Luxury touches abound, from the imported Frette linens to pure Bulgari amenities. It's little surprise that each of our rooms and suites is unique, because so are the guests who come to stay in them.

## A TASTE FOR ADVENTURE

Mamilla executive chef Cobi Bachar is one reason this country is a must-visit gourmet destination. As a nation of immigrants, Israel's fascination with international cuisine dates back to its founding. Cobi takes this pioneering spirit one step further: Under his daring and disciplined hand, the recipes which define this country's past are stripped to their essence, and then reinvented, to delight a new century of discerning gourmets.

For Mamilla guests, this means an ever-changing array of dining temptations. Your breakfast can be a bespoke tasting menu, from the chef's homemade yogurt to our own take on morning patisserie. The wine list at lunch is unlike any you've sampled, because our sommeliers pour only Israeli vintages, several found nowhere else. Dinner is your choice of superb dining, from light and informal to gourmet discoveries. The result? Mamilla is an acclaimed culinary destination for locals, international travelers and everyone seeking the authentic and the adventurous.

Enjoy the delicacies of a traditional multi-course Shabbat meal every Friday night and Shabbat lunch. Elegant holiday meals are also served in the hotel restaurants.

## HIDDEN OASIS

Just as Jerusalem is a meeting place of global faiths, Akasha is the luxurious centre for many of the world's most exciting healing therapies, pampering beauty treatments, and advances in fitness. Whether the moment calls for a bracing swim in our designer pool or a floating Watsu massage, you're invited to explore choices found nowhere else.

Akasha offers everything you'd expect – superb fitness equipment, top trainers and classes, an organic refreshment bar – and a chance to try the unexpected. A tranquil resort, hidden in the very center of the bustling capitol, Akasha welcomes you to greet each new day in beauty, and celebrate each evening with relaxation, rejuvenation and peak health. The Mamilla's award-winning oasis is, quite simply, the finest urban spa in Israel.
